December 2009 – Carpinteria, CA –BEGA's newest family of Recessed Wall Luminaires is inspired by classic design and an enduring commitment to quality. Using High Output White CREE XRE (3300K) LED's, with integral drivers, these sleek, recessed wall luminaires will provide an ideal solution for pathway, stairway and pedestrian areas. These luminaires are specifically designed for use with an LED source. All photometry is independently tested in accordance with IES LM-79, absolute photometry requirements. In a word, the performance is...extraordinary.

Constructed of die-cast aluminum. Available in four standard BEGA colors: Black (BLK); White (WHT); Bronze (BRZ); Silver (SLV). UL listed, suitable for wet locations. Protection class: IP 65.
